

Inside CERN

A Celebration of Swiss-Israeli Scientific Cooperation

The Embassy of Switzerland in Israel, in cooperation with the Israeli ATLAS community, is pleased to invite all science and art enthusiasts to the opening of the photography exhibit by Andri Pol: **INSIDE CERN**.

The program, Science on the Spot will include talks by top Swiss and Israeli physicists, accompanied by music and food.

The event will take place at
the Jaffa Art Salon, Warehouse 2 Jaffa Port
on April 6, 2017, 18:30

Admission is free

The event and talks will be held in English.
